Jessica - German Student

"I had never taken English classes or any other language online, and I was pleasantly surprised by the course's pedagogical quality, technical platform, organisation, and effectiveness. It is both a well-structured and enriching course. The classes are delightful and understandable, in a friendly and comfortable environment. I have enjoyed every class, especially the "breakout room" discussions and the "feedback moment" from teachers at the end of every class. The teachers are kind and supportive, and they share a lot of practical and helpful knowledge beyond the German textbook delivery. If you doubt, you should try it."
